APPLICATION

1. Parties

1.1 The Applicant is Metro Energy Group, Inc., whose address is 1783 E. 71<sup>st</sup>, Tulsa, Oklahoma, 74136. The Applicant owns a working interest in valid oil and gas leases covering a portion of the mineral interest in the lands described in the caption hereof. All parties entitled to notice of this application are as shown on Exhibit "A" and made a part hereof.

2. Allegation of Facts

2.1 That the Oklahoma Corporation Commission by Order No. 534704, has established a 640 acre drilling and spacing unit for the Viola and Jefferson common sources of supply underlying Section 15, Township 10 North, Range 12 East, Okfuskee County, Oklahoma.

2.2 That since the granting of this Order, one (1) well has been drilled and is producing or is capable of producing from the Viola and Jefferson common sources of supply in Section 15, Township 10 North, Range 12 East, Okfuskee County, Oklahoma. Further, this well will not effectively and efficiently drain the hydrocarbons underlying the Viola and Jefferson common sources of supply for the subject drilling and spacing unit.

2.3 That Applicant requests that Order No. 534704, be amended and that the drilling of an additional increased density well be allowed as an exception to said Order as the drilling of this increased density well is necessary to effectively and efficiently drain a portion of the drilling and spacing unit from the Viola and Jefferson common sources of supply.

2.4 That Applicant will request that the Applicant, Metro Energy Group, Inc.,
