APPLICATION FOR EMERGENCY ORDER

COMES NOW the Applicant and alleges and states:

1. Parties: LPD Energy Company LLC, 1743 E. 71st St., Tulsa, OK 74136 (918) 492-4433, by and through its attorneys, Lee I. Levinson and William H. Huffman, Southbridge Office Park, 1743 E. 71st Street, Tulsa, Oklahoma 74136-5108, (918) 492-4433, an aggrieved person under Title 52 O.S. §271 et seq. The respondent to this Application for Emergency Order is the Corporation Commission, P.O. Box 52000, Oklahoma City, OK 73152-2000.

2. Allegations of Facts: That on April 10, 2020, the Applicant filed an application requesting that the Commission issue an order finding that the production of oil in the State of Oklahoma under currently existing conditions may constitute economic waste, in some circumstances, as defined under 52 O.S. §273. Applicant further requests that the Commission enter an interim order to assist in the prevention of waste and optimize production, which provides that operators may shut-in or curtail oil production from wells where the operator deems such action necessary in the current abnormal and volatile oil pricing environment.

3. This matter has been referred to the Commission Sitting En Banc and is currently set for May 4, 2020. That in order to prevent waste, an emergency exists that requires relief prior to the hearing on the merits. The denial of this application could result in waste.

4. Legal Authority: This Application for Emergency Order is requested pursuant to OCC-OAC Rule 165:5-9-3.

WHEREFORE, the Applicant prays that this Commission issue an Order as requested in the Application filed herein, all prior to the final determination in this Cause.

Respectfully submitted,
