We represent Mr. and Mrs. G. Don and Sharon A. Williams, and their corporation Williams Fulton Creek Farms, Inc., 808 Fox Bend Trail, Edmond, OK 73034. They own land within the borders of the Camrick Unit, and other land outside the unit but nearby. They respectfully object to and protest all of this applications, and any others I have omitted to list above but which are concerned with the same subject. Please send all mailings, notices, pleadings, announcements and all other communication to our law firm as counsel for these protestants.

In addition, these protestants deny that there is any deadline for their giving notice of these protests at any time before the hearing dates, but have sent this email to the staff of the Underground Injection Control and Pollution Abatement Dep't and representatives and counsel for the Applicant out of an abundance of caution.
