

BEFORE THE CORPORATION COMMISSION OF THE STATE OF OKLAHOMA

APPLICANT: JONES ENERGY, LTD.

CAUSE CD NO.
200807231

RELIEF SOUGHT: POOLING

ORDER NO.

LANDS COVERED: SECTION 28, TOWNSHIP 21 NORTH,
RANGE 25 WEST, ELLIS COUNTY, OKLAHOMA

563876

ORDER OF THE COMMISSION

This cause came on for hearing before Patricia MacGuigan, Administrative Law Judge for the Corporation Commission of Oklahoma, on the 17th day of December, 2008, at 8:30 a.m. in the Commission Courtroom, Jim Thorpe Building, Oklahoma City, Oklahoma, pursuant to notice given as required by law and the Rules of the Commission for the purpose of hearing, taking testimony and reporting the findings and recommendations to the Commission.

David E. Pepper, Attorney, appeared for the Applicant, JONES ENERGY, LTD.; Richard Grimes, Attorney, appeared for Questar Exploration and Production Company; and Sally Shipley, Deputy General Counsel for Conservation filed notice of appearance on behalf of the Corporation Commission.

The Administrative Law Judge heard the cause and filed a report with the Commission, which report has been considered, and the Commission, therefore, finds as follows:

FINDINGS

1. That this is the Application of Jones Energy, Ltd. for an order pooling interests and adjudicating rights and equities of oil and gas owners in the Cleveland, Cottage Grove, Douglas and Oswego common sources of supply underlying Section 28-21N-25W, Ellis County, Oklahoma.
2. At the time of the hearing, the Application was amended to dismiss the Oswego common source of supply. The Application was further amended to dismiss the following respondents: Mark Cummings; Shattuck Windmill Museum and Park; Michael Manske; St. Paul Congregational Church; and TaWanda Starbuck.
3. That the Commission has jurisdiction over the subject matter herein; that notice has been given in all respects as required by law and the rules of the Commission.
4. That Section 28-21N-25W, Ellis County, Oklahoma, is a 640-acre drilling and spacing unit for the production of hydrocarbons from the Cleveland, Cottage Grove and Douglas common sources of supply, heretofore established by Order No. 563301.
5. That Jones Energy, Ltd. is the owner of the right to drill wells on said drilling and spacing unit and to develop and produce said common sources of supply, has made a bona fide effort to reach an agreement with all of the other such owners in such drilling and spacing unit, as set forth on Exhibit "A", to pool their interests and to develop the drilling and spacing unit and common sources of supply as a unit, and the Commission should issue an order requiring such owners to pool and develop the drilling and spacing unit and common sources of supply covered hereby as a unit.
6. That Jones Energy, Ltd. proposes to drill a well in Section 28-21N-25W, Ellis County, Oklahoma, to a depth sufficient to test the Cleveland, Cottage Grove and Douglas common sources of supply, and that to protect correlative rights, all owners should be required to pool and develop the unit and common sources of supply covered hereby as a unit, upon the terms and conditions set out in "Order" below, all of which are found hereby, after a consideration of the substantial evidence in this cause, to be just and reasonable and will afford each owner in the unit

the opportunity to recover or receive without unnecessary expense his just and fair share of the production from the unit.

7. That in the interest of the prevention of waste and the protection of correlative rights, this Application should be granted, and the rights of all owners pooled and adjudicated.

ORDER

IT IS THEREFORE ORDERED by the Corporation Commission of Oklahoma as follows:

1. That Jones Energy, Ltd. proposes to drill a well in Section 28-21N-25W, Ellis County, Oklahoma, a drilling and spacing unit for the Cleveland, Cottage Grove and Douglas common sources of supply, and to develop said unit and the common sources of supply thereunder as a unit, and the rights and equities of all oil and gas owners covered hereby are pooled, adjudicated and determined.

Well Costs:

2a. That estimated well costs are:

Completed as a dry hole - \$ 1,594,150.00
Completed for production - \$ 3,100,000.00

**Cash bonus of \$175.00 per acre plus a total royalty of 3/16
as more fully set forth below:**

2b. That \$175.00 per acre, plus a proportionate share of an overriding or excess royalty of 1/16th of 8/8ths is a fair, reasonable and equitable cash bonus to be paid unto each owner who elects not to participate in said well by paying such owner's proportionate part of the costs thereof; such cash bonus when paid as set out in this Order should be satisfaction in full for all rights and interests of such owner in the well covered hereby, except for any normal 1/8 royalty interest as defined in 52 O.S. Section 87.1(e).

Provided, however, in the event the oil and gas interest of any owner is subject to any royalty, overriding royalty or other payments out of production which will create a burden on such interests, in excess of the normal 1/8 royalty defined above, then such excess royalty, overriding royalty or other payment out of production should be charged against the overriding royalty as hereinabove set forth, and the same should be reduced by the amount of any such excess.

3. That any owner of the right to drill in said drilling and spacing unit who has not agreed with Jones Energy, Ltd. to develop said unit and common sources of supply shall be afforded the following election as to all or any portion of his interest:

3a. To participate in the development of the unit and common sources of supply by agreeing to pay such owner's proportionate part of the actual costs of the well covered hereby, and by paying, as set out herein, to Applicant, such owner's proportionate part of the estimated completed for production

costs thereof as set out in paragraph 2a above, or by securing or furnishing security for such payment satisfactory to the Applicant; in all events, such owner's cost in said well should not exceed his proportionate part of the actual or reasonable costs thereof which should be determined by the Commission in the event there is a dispute as to such costs; the payment of such owner's proportionate part of the estimated costs of said well, or the securing of such costs or the furnishing of security therefor, as aforesaid, should be accomplished within 20 days from the date of this Order, such owner's proportionate part of the costs of and the production from such well and unit to be in proportion to the number of acres such owner has in the unit; or

- 3b. To receive the cash bonus, plus share of production as set out in paragraph 2b above, which cash bonus shall be paid or tendered, by Applicant, if same can be paid or tendered, within 30 days from the date of this Order, or if same cannot be paid or tendered, a fund therefor created for the use and benefit of any owner accepting, or deemed to have accepted, such cash bonus, plus share of production.

4. That each owner of the right to drill in said drilling and spacing unit to said common sources of supply covered hereby who has not agreed to develop said unit as a unit, other than Applicant, should be required to select which of the alternatives set out in paragraph 3 above, such owner accepts, in writing, within fifteen (15) days from the date of this Order; in the event any owner fails to elect, in the time and in the manner as set out above, which of the alternatives set forth in paragraph 3 above any such owner accepts, then such owner shall be deemed to have accepted the cash bonus, plus the share of production, as set out in paragraph 2b above; in the event any owner elects to do other than participate in said well by paying his proportionate share of the costs thereof, or fails to make an election provided above, such owner shall be deemed to have relinquished unto Applicant, all of such owner's right, title, interest or claim in and to the unit well, except for any normal 1/8 royalty interest, defined above, or other share in production to which such owners may be entitled by reason of an election hereunder.

5. Only those owners electing to participate in the initial well drilled hereunder will be allowed to participate in subsequent wells drilled on the drilling and spacing unit and common sources of supply covered hereby. Owners electing or deemed to have elected the cash consideration plus excess royalty provided in paragraph 2b above, for the initial well shall thereafter receive no additional cash consideration for subsequent wells, but shall receive the royalty it originally elected to receive or was deemed to have elected to receive.

6. In the event Applicant or any other owner that participates in the initial well and all subsequent wells proposes the drilling of a subsequent well it shall notify those owners who elected to participate in the initial well drilled hereunder of its intent to drill a subsequent well and said owners will have fifteen (15) days from the receipt of said notice to elect whether to participate in said subsequent well or elect alternative 2b set forth above. The notice provided by the proposing party shall include the estimated dry hole costs and estimated completed well costs of the subsequent well and owners electing to participate must pay, or make satisfactory arrangements with the Operator to secure the payment of, their proportionate share of said completed well costs within twenty (20) days from the receipt of notice from the proposing party. Those owners failing to elect within the period provided or those owners electing to participate but failing to pay their share of

**JONES ENERGY, LTD.
ORDER OF THE COMMISSION
CAUSE CD NO. 200807231
PAGE 4**

costs within the period provided shall be deemed to have elected not to participate in the subsequent well and shall receive the option set forth in paragraph 2b above. Anytime an owner elects or is deemed to have elected not to participate in a subsequent well, then that owner shall not be allowed to participate in future wells drilled on the drilling and spacing units covered hereby. The Oklahoma Corporation Commission shall retain jurisdiction over the drilling and completion costs proposed by Applicant for subsequent wells. Any well proposal made under this provision shall expire after 180 days if no well has been commenced.

7. That Applicant, in addition to any other rights provided herein, shall have a lien as set out in 52 O.S. Section 87.1(d) (1971), on the interest of any owner, subject to this Order, who has elected to participate in the well covered hereby, by paying such owner's proportionate part of the costs thereof; provided, however, that in the event an owner elects to participate in said well by paying his proportionate part of the costs thereof and fails or refuses to pay or to secure the payment of such owner's proportionate part of the dry hole and completed costs as set out in paragraph 2a above, or fails or refuses to pay or make an arrangement with the Applicant for the payment thereof, all within the periods of time as prescribed in this Order, then such owner shall be deemed to have elected to have accepted the cash bonus, plus the share of production, set out in paragraph 2b above. Thereupon, the payment of such cash bonus shall be made by Applicant within thirty (30) days after the last day on which such defaulting owner, under this Order, should have paid his proportionate part of such costs or should have made satisfactory arrangements for the payment thereof.

8. If any payment of bonus, royalty payments or other payments due and owing under this Order cannot be made because the person entitled thereto cannot be located or is unknown, then said bonus, royalty payments or other payments shall be paid into an escrow account in a financial institution within ninety days (90) after this Order and shall not be commingled with any funds of the Applicant or Operator. Provided, however, that the Commission shall retain jurisdiction to grant to financially solid and stable holders an exception to the requirement that such funds be paid into an escrow account with a financial institution and permit such holder to escrow such funds within such holder's organization. Responsibility for filing reports with the Commission as required by law and Commission rule as to bonus, royalty or other payments escrowed hereunder shall be with the applicable holder. Such escrowed funds shall be held for the exclusive use of, and the sole benefit of, the person entitled thereto. It shall be the responsibility of the Operator to notify all other holders of this provision and of the Commission rules regarding unclaimed monies under pooling orders.

9. Jones Energy, Ltd. is designated operator of the unit well and common sources of supply covered hereby, and all elections shall be communicated to said operator at the address shown below as required in this Order.

Jones Energy, Ltd.
807 Las Cimas Parkway
Suite 350
Austin, TX 78746

10. That Jones Energy, Ltd. must commence operations for the drilling and other operations with respect to the well covered hereby within three hundred sixty-five (365) days from the date of this Order, and diligently prosecute the same to completion in a reasonably prudent manner or this Order shall be null and void except as to the payment of cash bonuses.

**JONES ENERGY, LTD.
ORDER OF THE COMMISSION
CAUSE CD NO. 200807231
PAGE 5**

11. That Applicant, or its Attorney, shall file with the Secretary of the Commission within ten (10) days from the date of this Order, an affidavit stating that a copy of this Order was mailed within three (3) days from the date of this Order to all parties pooled by this Order whose addresses are known.
