FINAL CITATION ORDER

The Application of Lori Wrotenbery, Director of the Oil and Gas Conservation Division, Oklahoma Corporation Commission, came on for hearing before ALJ Curtis Johnson on the 1st day of September 2009 in the Commission Court Room, Kerr State Office Building, Tulsa, Oklahoma. Applicant requested a Final Order.

Appearance was entered by Connie Moore, attorney for Applicant. Stephen P. Rowe appeared for respondent and agreed to the terms of this Order.

FINDINGS AND CONCLUSIONS

1. Notice is proper and the Commission has jurisdiction over the Respondent, the subject matter and has authority to enter this Order.
2. This matter relates to the THOMPSON LEASE, NW/4 SW/4, Section 30, Township 15 North, Range 11 East, OKMULGEE COUNTY, OKLAHOMA. Respondent was served with the Complaint Citation on February 12, 2009. Commission Field Inspector, Roger Pearman, alleges that the Respondent is the owner/operator of the subject well and that it was being used as an injection/disposal well without a permit as required by OCC-OAC 165:10-5-2. The Rule states, "The Commission may fine an operator up to \$5,000.00 for any violation of this subsection."
3. To resolve the matter, Respondent agreed to pay the \$5,000.00 fine in ten equal sums; to properly permit the well as an injection/disposal well; and, to refrain from using the well until properly permitted. Respondent, also agrees to initiate the permitting process within 30 days of this Order.

4. The ALJ finds that the Respondent is in violation of OCC-OAC 165:10-5-2, which allows for a fine up to \$5,000.00. The ALJ recommends that Respondent's agreement with the District Office, to pay the fine in ten equal monthly payments starting September 2009 and to come into compliance with the required permit prior to using the well, be accepted. The ALJ further recommends that a final order issue in this Cause.
