Romonda,

I don't have any objections to the wells operated by Joe Harper of J H Field Service being transferred to Kerns Oil. I don't know why my name would be in the comments of the wells indicating that transfers shouldn't be made without contacting me...?

The wells in question, 3514726483, 26352, 20838, and 20574 are all in Washington County and John Hurd is the Washington County Inspector. I have cc'd John and Connie Moore on this email and I just finished speaking with John. He has no particular objections to the wells being transferred either.

The only two wells for which I have active complaints are 3514324024 and 3514322417 in Tulsa County, but they are not being transferred.

John, Attached are the two transfers that I received from James Phelps, which is what triggered all of the conversations.

Thanks,
Ben
